

Bosch BT Tech Support for Out of Warranty DIVAR IP Systems

Bosch BT has no legal or contractual obligations to provide technical support for products being out of warranty. Any and all free of charge technical evaluations, advise and/or recommendations provided by Bosch BT concerning products which are past the warranty period (Out of Warranty Product) are solely based on good will and are subject to the following terms and limitations:

The customer remains fully responsible for its Out of Warranty Products and its decision to follow technical recommendations provided by Bosch BT as well as any consequences that may result therefrom. Bosch BT does not accept any liability whatsoever for a full and correct failure identification, for restoring full functionality or for any damages, data loss etc. incurred following technical support provided for Out of Warranty Products.

To obtain full technical support and services, please refer the [Bosch BT Boost Warranty website](#) in order to learn more about Warranty Extensions or Support and Maintenance offers, that may be available for your Out of Warranty Product.
