

BVMS - Software Service and Support Policy

Date:
16 June 2026

1. Document information

Project	BVMS
Last modified	Last Modified: Jun 16, 2026 15:15

1.1. Version history

Date	Description
2020-03-24	Added commissioning to definitions and in the life cycle.
2020-04-17	Compressed document.
2020-07-01	Updated policies according to new software maintenance agreements.
2020-08-19	Updated BVMS 10.1 release date.
2020-09-03	Updated BVMS 10.0 limited availability date
2020-11-20	Updated BIS 4.8 release date
2021-03-23	Updated Release Phase Definitions overview
2021-03-24	Updated BVMS 10.1.1 and BVMS 10.0.2 release dates.
2021-05-28	Updated BVMS 11.0 and AMS 3.0.1 release dates and support cycles
2021-07-02	Updated Release Phase Definitions overview. Updated with BVMS 10.1 and 10.0.1 End of Life dates.
2021-09-21	Updated BIS 4.9 release dates.
2022-03-02	Updated BVMS 11.1 release dates.
2022-06-03	Updated BVMS 11.1.1 release dates.
2022-07-06	Updated Intelligent Insights 1.0.1, 1.0.2, and 1.0.3 release dates.
2023-03-31	Updated BVMS 12.0 release dates.

Date	Description
2023-04-13	Updated AMS 5.0 release dates.
2023-06-30	Updated BVMS 12.0.1 release dates and BVMS 12.0 lifecycle information.
2023-09-06	Updated BIS 5.0 release dates.
2023-10-25	Adjusted existing hotfixes availability definition in the Limited Support phase.
2023-11-30	Updated BVMS 12.1 release dates.
2024-05-08	Updated BVMS 12.2 release dates.
2024-08-01	Extended availability dates for BIS 5.0 due to delayed release of successor BIS 6.0
2024-11-08	Updated AMS 5.0.1, 5.2, 5.5 release dates
2024-11-28	Updated Support policy for BVMS minor (short term support) releases
2024-12-20	Updated BIS 5.0 Limited Support date
2024-07-09	Updated BVMS 13.0 release dates.
2025-12-19	Updated BVMS 13.1 release dates.
2026-05-29	Updated BVMS 14.0 release dates. Removed: AMS and BIS (separate Software support policy to be shared by Radionix)

Please check the www.iqsight.com website for the latest version of this document.

2. Introduction

Compared to hardware, in which it is relatively easy to define an limited support concept based on the expected lifetime, software behaves totally different. In theory, when the environment does not change, software can still be running ten years after it has been installed. As new versions of the software are released regularly, it is important for customers to know what they can expect from IQSIGHT when the software is purchased. This document describes how the life-cycle of the BVMS is handled and in which state a specific release can reside. Additionally this document lists the up-to-date situation for all of those software packages.

Using the software assurance program, a system can be, continuously, maintained, upgraded and supported.

- ❌ Software versions that have reached the limited support phase are not maintained, may not meet the legal requirements related to "state of the art" products and IQSIGHT cannot guarantee the warranted characteristics of these products are met. As a result, new systems based on software that has reached the limited support phase cannot be purchased. System extensions are unaffected and can be purchased until the software goes into the end of life phase.

2.1. Definitions

The table below contains the definitions of the availability of the software related services. The availability of these services depends on the lifecycle status of the product and the software maintenance agreement coverage of the system.

Purchasing	The software can be purchased.
Download	The software can be downloaded from the product catalogue or downloadstore .
Pre-sales support	Our pre-sales teams will support you in solving your design challenges based on the software.
Commissioning support	Our technical support teams will support you in commissioning the software.
After-sales support	Our technical support teams will support you in solving system and software failures.
Requesting hot fixes	You have the right to request hot-fixes for software failures. When a problem is fixed in a newer version of the software, you might be asked to upgrade your system. When a problem is reproducible in the latest version, we will fix the problem in the latest version and (optionally) release a hotfix to fix the problem in earlier versions. This includes data security patches.

Access to hot fixes	Indicates the availability of patches and/or hotfixes to fix a problem.
Software Maintenance Agreement (SMA)	The software maintenance agreement is a service that allows you, for example, to upgrade to the latest software version and contact our technical support teams.
Upgrade possibility	Product upgrades with Assurance PRO are possible and allow you to download and license later version of the product, including the latest release with new features, security and legal innovations.

3. Release phase definitions

3.1. Overview

This section describes the states a software release can be in and show the current status of the existing BVMS releases.

Description	Assurance	General availability	Limited availability*	Limited support	End of life
Timeline		0-12 Months	13-24 Months	25-60 Months	> 60 Months
Purchasing	n/a	Base, features, extensions	Features, extensions	Features, extensions	No
Download	n/a	Product catalogue , Downloadstore		Partly**	Partly**
Support services	PRO / Grace period	Yes	Yes	Yes	No
Access to existing hotfixes	GO	Product catalogue , Downloadstore		Partly**	Partly**
Requesting new hotfixes	PRO	Yes	Yes	No	No
Upgrade possibility	PRO	Yes	Yes	Yes	Yes

BVMS Minor versions

*BVMS Minor releases (ie. 12.3, 13.1, ...) are **short-term support** releases and Limited availability phase **does not apply**. After 12 months, those versions are immediately entering **Limited support** phase. See further details below.

Access to download and hotfixes

**Limited support software versions and related existing hotfixes are only available on request via our after sales organization (ASA).

3.2. BVMS Minor (short-term support) version concept

Starting with BVMS 12.3, new concept of Short-term support version was introduced. For Minor releases (like 12.3, 13.1, etc.) in future, Limited availability phase will be skipped. In practice, it means that those versions are fully supported (including expansions and requesting hotfixes) for 12 months. Afterwards, customer should consider upgrading to the latest available version.

Standard support (for **BVMS Major** releases):

[illegible]

Short-term support (for **BVMS Minor** releases):

4. Current status

Version	State	Start	End	Length
BVMS 14.0				
BVMS 14.0	General availability	2026-06-12	2027-06-12	12M
BVMS 14.0	Limited availability	2027-06-12	2028-06-12	12M
BVMS 14.0	Limited support	2028-06-12	2031-06-12	36M
BVMS 14.0	End of life	2031-06-12	n/a	n/a
BVMS 13.1 (Short-term support)				
BVMS 13.1	General availability	2025-12-18	2026-12-18	12M
BVMS 13.1	Limited availability	n.a.	n.a.	n.a.
BVMS 13.1	Limited support	2026-12-18	2030-12-18	48M
BVMS 13.1	End of life	2030-12-18	n/a	n/a
BVMS 13.0				
BVMS 13.0	General availability	2025-07-09	2026-07-09	12M

BVMS 13.0	Limited availability	2026-07-09	2027-07-09	12M
BVMS 13.0	Limited support	2027-07-09	2030-07-09	36M
BVMS 13.0	End of life	2030-07-09	n/a	n/a
BVMS 12.3 (Short-term support)				
BVMS 12.3	General availability	2024-12-06	2025-12-06	12M
BVMS 12.3	Limited availability	n.a.	n.a.	n.a.
BVMS 12.3	Limited support	2025-12-06	2029-12-06	48M
BVMS 12.3	End of life	2029-12-06	n/a	n/a
BVMS 12.2				
BVMS 12.2	General availability	2024-05-08	2025-05-08	12M
BVMS 12.2	Limited availability	2025-05-08	2026-05-08	12M
BVMS 12.2	Limited support	2026-05-08	2029-05-08	36M
BVMS 12.2	End of life	2029-05-08	n/a	n/a
BVMS 12.1				
BVMS 12.1	General availability	2023-11-30	2024-11-30	12M

BVMS 12.1	Limited availability	2024-11-30	2025-11-30	12M
BVMS 12.1	Limited support	2025-11-30	2028-11-30	36M
BVMS 12.1	End of life	2028-11-30	n/a	n/a
BVMS 12.0.1 / 12.0				
<i>BVMS 12.0</i>	<i>General availability</i>	<i>2023-03-31</i>	2023-06-30	*
BVMS 12.0.1	General availability	2023-06-30	2024-06-30	12M
BVMS 12.0.1	Limited availability	2024-06-30	2025-06-30	12M
BVMS 12.0	Limited support	2023-06-30	2028-06-30	*
BVMS 12.0.1	Limited support	2025-06-30	2028-06-30	36M
BVMS 12.0.1	End of life	2028-06-30	n/a	n/a
*BVMS 12.0 has been succeeded by BVMS 12.0.1 Technical Update and is moved to limited support.				
BVMS 11.1.1				
<i>BVMS 11.1</i>	<i>General availability</i>	<i>2022-02-22</i>	<i>2022-06-03</i>	*
BVMS 11.1.1	General availability	2022-06-03	2023-06-03	12M
BVMS 11.1.1	Limited availability	2023-06-03	2024-06-03	12M

BVMS 11.1.1	Limited support	2024-06-03	2027-06-03	36M
BVMS 11.1.1	End of life	2027-06-03	n/a	n/a
*BVMS 11.1 was not fully released to public and is succeeded by BVMS 11.1.1.				
BVMS 11.0				
BVMS 11.0	General availability	2021-05-28	2022-05-28	12M
BVMS 11.0	Limited availability	2022-05-28	2023-05-28	12M
BVMS 11.0	Limited support	2023-05-28	2026-05-28	36M
BVMS 11.0	End of life	2026-05-28	n/a	n/a
BVMS 10.1.1 / 10.1				
BVMS 10.1	General availability	2020-08-21	2021-03-24	12M*
BVMS 10.1.1	General availability	2021-03-24	2021-08-21	
BVMS 10.1.1	Limited availability	2021-08-21	2022-08-21	12M
BVMS 10.1	Limited support	2021-03-24	2025-08-21	*
BVMS 10.1.1	Limited support	2022-08-21	2025-08-21	36M
BVMS 10.1.1	End of life	2025-08-21	n/a	n/a

*BVMS 10.1 has been succeeded by BVMS 10.1.1 and is moved to limited support. More information can be found by clicking [HERE](#).

*For BVMS 10.1.1 the same licenses as for BVMS 10.1 can be applied (e.g. MBV-BPRO-101)

BVMS 10.0.2 / 10.0.1

BVMS 10.0.1	General availability	2020-04-03	2021-03-24	12M*
BVMS 10.0.2	General availability	2021-03-24	2021-04-03	
BVMS 10.0.2	Limited availability	2021-04-03	2022-04-03	12M
BVMS 10.0.1	Limited support	2021-03-24	2025-04-03	*
BVMS 10.0.2	Limited support	2022-04-03	2025-04-03	36M
BVMS 10.0.2	End of life	2025-04-03	n/a	n/a

*BVMS 10.0.1 has been succeeded by BVMS 10.0.2 and is moved to limited support. More information can be found by clicking [HERE](#).

*For BVMS 10.0.2 the same licenses as for BVMS 10.0 and 10.0.1 can be applied (e.g. MBV-BPRO-100)

BVMS 10.0

BVMS 10.0	General availability	2019-08-13	2020-09-30	12M (extended)
BVMS 10.0	Limited availability	2020-09-30	2021-03-24	*
BVMS 10.0	Limited support	2021-03-24	2024-08-13	36M

BVMS 10.0	End of life	2024-08-13	n/a	n/a
*BVMS 10.0 has been succeeded by BVMS 10.0.2 and is moved to limited support. More information can be found by clicking HERE .				
BVMS 9.0				
BVMS 9.0	General availability	2018-08-17	2019-08-17	18M
BVMS 9.0	Limited availability	2019-08-17	2020-02-17	6M
BVMS 9.0	Limited support	2020-02-17	2023-08-17	42M
BVMS 9.0	End of life	2023-08-17	n/a	n/a
BVMS 8.0				
BVMS 8.0	General availability	2017-10-29	2018-10-29	12M
